Our course and courses across Iowa faced a wet, hot summer in 2026. Dr. Adam Thoms, a turfgrass professor at Iowa State, wrote in an August Iowa Golf Association report that much of the state received a month of rain in a few hours, and combined with high heat and humidity, that put heavy stress on turf. Our grounds crew put in long hours to protect the course through it, and we are ready for another year of good playing conditions in 2027.

Thank you

Sincerely,

Dan Clark Gabe Honnold Mallory Luther
